Landowner Email

Sent on March 19, 2021 @ 8:57 PM

Dear Landowners,

The district's staff has been working with landowner(s) regarding however not limited to:

Fires on the Levee

Trash and or Debris on the Levee

Motor vehicles on the Levee or blocking the Levee Roadways

Lose Livestock on the District's Roadways and Levees

The district staff is currently working with the District Engineer with regards to the above matters of concern. We thank you for your patience.

The district can ONLY address issues relative to however not limited to: the District's properties, drainage canals, ferry, pumps station, district structures and levee roadways. Other matters of concern are considered to be civil matters.

The Island currently has no fire protection. It is a suggestion that you may want to fire break your property for the upcoming summer season.

If you feel there is a Potential Fire Hazard to the levees or landowners' safety, please call 911, the fire department or the EPA.

Please contact the District Manager/Levee Superintendent with regards to any fires or emergencies on the island.

District Manager Angelia 925-209-5480

District Levee Superintendent Ronald Mijares 415-515-0955.
