TO: Bradford Island Landowners

### RE: BRADFORD ISLAND PUMPS

Dear Landowners,

As discussed previously, the Proposition 218 Operations and Maintenance Tax did not pass this previous August 2022. This greatly impacts the District's ability to maintain the levees, pump station and ditches.

Our priority this winter will be to monitor and maintain the levees around the island.

The pumps will be run as necessary as determined by the District. The pumps do not start up automatically at this time. Parts for the pump station are on backorder, scheduled for delivery in late February 2023. As a landowner, please be prepared for localized flooding. Even when the pumps are running at full capacity, the island does get wet and localized flooding occurs.

If you have any questions, please feel free to contact Angelia Tant, District Manager, at 925-209-5480.

Thank you,

Blake Johnson, PE  
District Engineer

Cc: Angelia Tant, District Manager  
Raquel Hatfield, District Counsel  
Robert Davies, Board President
